

10 May 2011 | **Alan Baxter Gallery**
15.00 - 18.00 | 75 Cowcross Street
London. EC1M 6EL

**The Association
of Consultant
Architects**

FEE SCALES UPDATE

The ACA has been carrying out research to update the traditional Scale Fee to provide a simple and realistic benchmark for percentage fees. It is intended to help clients and architects to accurately assess the time and effort required to deliver a good service for architectural projects.

We are looking at the time required to carry out projects over the last 10 years. This research will allow us to publish a contemporary recommended fee scale which reflects contemporary staff salaries and appropriate overheads and profit margins.

The ACA will be presenting its initial findings at this seminar. We hope you can join us and if you have not yet contributed, please bring along your project data using the form at www.acarchitects.co.uk

Who is it for?

- all architects in practice including newly qualified architects and those architects returning to work
- practice managers
- clients
- project managers

Speakers:

Alfred Munkenbeck

Munkenbeck and Partners,
Project lead

Brian Waters ACA
President and architect-planner
principal of BWCP

Vincent Wang

Development consultant and
property entrepreneur
